

WILSON'S PLANS FOR EUROPEAN TRIP COMPLETED

Personnel of Delegation Will Be Announced Later

WASHINGTON, Nov. 27.—President Wilson's plans for attending the peace conference are all matured with exception of the hour of sailing. His departure is certain early next week.

It is entirely probable that the first announcement of the personnel of the American delegation will be made in the president's address to the opening of congress which will be delivered on Monday or Tuesday. At the same time, the president may take occasion to make something in the nature of a statement to the country as well as to congress, on his going to Europe, something no other president has ever done.

The most important announcement that has been made in connection with the official plans for the peace conference came today. It was that there would be absolutely no censorship on the news on which the American newspaper correspondents send back home. At the personal request of President Wilson both the British and French governments will entirely relax all censorship on all American newspaper dispatches telling of the deliberations. Furthermore, to facilitate the transmission of news to this country, the government thru its recently acquired control of the cable lines will give news a preference in transmission second only to government official business. News will take preference over all commercial business on the cable lines. George Creel, chairman of the committee on public information, also announced today that the committee's machinery in Paris would exercise nothing whatever approaching a censorship on the progress of the conference. All the committee's facilities, Mr. Creel said, are to be devoted to helping the American newspaper correspondents get news back home. The committee's offices in Paris will be used as a headquarters for newspaper correspondents, stenographers, typewriters and interpreters are to be provided, and the committee's machinery also will be used to assist the correspondents to get their dispatches on the cables.

Correspondents With Official Party

Until two or three days ago there were grave doubts as to whether any American newspaper correspondents at all would be permitted to accompany President Wilson on his trip. There was to be no restriction on the passage of newspapermen to France by any means they might find available. Mr. Creel took the position that the American people should be informed of the movements of the president at all times, thru their only source of information which is the daily newspapers and upon his representations it finally was decided to include a correspondent of the Associated Press and press representatives of the president's official party aboard the liner George Washington. It was decided at the same time to give passage to correspondents of individual newspapers on the army Transport Orizaba which will sail from Hoboken Sunday at noon. She will be part of the convey of the president's ship, which will include the super-dreadnaught Pennsylvania and a number of other naval ships. Besides the president's official party the George Washington will carry a naval crew of more than 1000 officers and men. The George Washington being a faster ship will arrive in France at about the same time as the Orizaba. It seems to be settled also no official announcement has been made that the president will go first directly to France and later to England and possibly to Italy if he intends to visit any of the other European countries his plans have not become known.

MUSICIANS WILL ACCOMPANY WILSON

GREAT LAKES, Ill., Nov. 27.—The Great Lakes quintette, a sailor orchestra has been selected by Pres. Wilson to furnish music on board the Presidential ship and in Paris during the president's trip abroad next month to attend the peace conference. The orchestra is composed of five well known musicians who enlisted at the Great Lakes naval training station and have been touring the country for the benefit of the navy relief society.

CHICAGO PHYSICIAN COMMITTS SUICIDE

Chicago, Nov. 27.—Dr. Malcolm D. McNab, a member of the Illinois State Council of Defense, committed suicide at his home here today by shooting. Members of his family were unable to give a reason for his act. He was 47 years old.

No Censorship Of Any Kind On Peace Meeting

WASHINGTON, Nov. 27.—It was officially announced that no censorship of any kind will be exercised by the committee on public information. The machinery of the committee will be used to facilitate the work of the American newspaper representatives in Paris.

The question of whether the sessions of the peace conference will be open or closed to press will be decided by the conference itself.

The first contingent of American newspaper men going to represent the proceedings of the conference will sail from Hoboken at noon on Sunday on the American Transport Orizaba. The president's ship, the former liner George Washington, will not sail until later. On the George Washington will be carried representatives of the press associations, including a correspondent of the Associated Press.

It seems to be settled also no official announcement that the president's ship will go directly to France and not first to England as had been supposed. The president however, undoubtedly will visit England later and also Italy. A regulation passport was issued to him today thru the usual channels of the state department. It permits him to visit England, France and Italy and is surrounded by the same restrictions and requirements as would apply if it were issued to any other citizen of the United States. All the arrangements for the president's trip have been practically completed except fixing the day and hour of his sailing.

PEACE PROCEEDINGS MAY BE IN ENGLISH

Would Be First Great International Conference to Be Conducted in English—Hoover and Hurley in Paris.

Paris, Nov. 27.—(By The Associated Press.)—The question of conducting the proceedings of the peace congress in English is being discussed, with some prospect that this innovation will be brought about. If it is, it will be the first great international congress with English as the official language as French has long been recognized as the medium of diplomacy. For practically reasons it is said the use of the English language would be more convenient to a larger number of the delegates than French for during the sessions of the inter-allied conference all but two of the delegates spoke English whereas a considerable number did not speak French and were unable to understand the proceedings when French was used.

Economic questions are coming prominently to the front in connection with the presence here of Herbert C. Hoover, the American food administrator who was joined today by Edward N. Hurley, chairman of the shipping board. He referred lengthily this afternoon at Colonel House's residence on food distribution and tonnage.

YANKEE "ACE" MADE LIEUTENANT COLONEL

NEW YORK, Nov. 27.—Major William Thaw, American "ace" with the 103rd United States Aero Squadron in France, has been promoted to a lieutenant colonel according to advices received here today by Allen R. Hays, president of the Aero Club of America. Lieutenant Colonel Thaw is 28 years old and according to Mr. Hays, is one of the youngest officers of that rank in the American or Allied armies. He was recently awarded the United States Distinguished Service Cross with two citations by General Pershing and had previously been similarly honored by the French government while a member of the Lafayette Escadrille. His younger brother, Lieutenant Colonel Thaw, Lieutenant Alexander Blair Thaw, was killed last August in France.

TUMULTY TO CONDUCT WHITE HOUSE AFFAIRS

WASHINGTON, Nov. 27.—While President Wilson is absent at the peace conference, Secretary Tumulty will remain in Washington and conduct the affairs of the White House offices as usual. He will be in constant touch with the executive and expects to submit by cable or wireless matters to be acted upon just as he now submits them personally or by messenger.

OLD FASHIONED DINNER FOR JACKIES

GREAT LAKES, Ill., Nov. 27.—A real old fashioned Thanksgiving day turkey dinner will be served the 25,000 bluejackets at the Great Lakes Naval Training Station tomorrow. The menu will consist of cream of tomato soup, roast turkey with sage dressing, candied sweet potatoes, celery, chocolate layer cake, pumpkin pie, assorted fruit, bread, butter and coffee. To feed the thousands of hungry jackies, 25,000 pounds of turkey, 50,000 pounds of sweet potatoes, a ton of celery, 7,000 pies, a ton of flour and 50,000 oranges will be required.

FIFTH BIG WAR LOAN CAMPAIGN COMING IN APRIL

Says Secretary McAdoo in Letter to Bankers

WASHINGTON, Nov. 27.—Notice that the country must prepare for another intensive war loan campaign probably in the latter part of April, was given today by Secretary McAdoo in a letter to bankers explaining the treasury's program for floating certificates of indebtedness and bonds during the next six months.

The secretary stated that plans for continuance sale of government bonds recently discussed as a strong possibility, had been abandoned and that plans should be made for "one more great popular campaign."

Previously he had announced that the bonds to be offered then would be of short maturity, less than ten years, and it has been indicated that the amount would be around five billions.

Also Mr. McAdoo did not state the time of the campaign it was learned the treasury plans tentatively to hold it the last three weeks in April.

Plan to Sell Certificates of indebtedness ranging in amount between \$500,000,000 and \$750,000,000 will be marketed every two weeks, beginning Dec. 5, to provide funds for running the government until payments from the fifth war loan begin to come in and these payments then will be used to pay off the certificates. Every bank will be expected to subscribe five per cent of its gross resources monthly to these certificates. The first issue of \$500,000,000 minimum announced today may be subscribed between Dec. 5 and Dec. 10, will mature next May 6 and will bear 4 1/2 per cent. This rate is not considered as affording any indication of the interest to be borne by the fifth war loan bonds.

CAPTURE AUTO BANDITS IN CHICAGO

CHICAGO, Nov. 27.—John Mirabello and Rocco Ladamasi are being held by the Chicago police as suspects in connection with a hold-up at Joliet, Ill., yesterday in which four automobile bandits robbed a saloon keeper of \$12,000. The bandits after securing money which the saloon-keeper had drawn from a bank to cash pay checks for factory workers, fled in an automobile and were followed by the Joliet police to Blue Island where the robbers abandoned their car and escaped in the woods. The police say Mirabello owns the car used by the robbers. Mirabello said his car was stolen from him at Gary, Ind.

U. S. PRISONERS IN GOOD CONDITION

AMERICAN HEADQUARTERS IN FRANCE, Nov. 27.—(By The Associated Press.)—Announcement from Germany disclosed that the condition is as good as could be expected, although in some cases the ex-prisoners complained of bad treatment and poor food. No case of malignant inoculation was discovered by examining surgeons. Few needed medical attention.

GERMANS RELEASE 1,500,000 PRISONERS

AMERICAN ARMY OF OCCUPATION, Nov. 27.—(By The Associated Press.)—More than a million and a half prisoners of various nationalities have been released by the Germans, according to estimates based upon reports received by the American third army. Of this number approximately 250,000 will pass thru the American lines and will be fed by the Americans. Most of the quarter of a million prisoners are French, English, Italian and American soldiers. The army, assisted by the Salvation Army, the Y. M. C. A. and the Knights of Columbus, is shouldering the bulk of the task.

New York, Nov. 27.—Mrs. Truman H. Newberry, wife of the United States senator-elect from Michigan today was elected a member of the national board of director of the Camp Fire Girls of America.

Hundreds Of Airplanes For Mail Service

NEW YORK, Nov. 27.—Captain Benjamin B. Lipsner, director of the United States aerial mail service announced here tonight that the war department had turned over to the use of the mail service "hundreds of airplanes."

Captain Lipsner said he was not in a position to announce the exact number, but that machines would be used as rapidly as possible in extending the aerial mail service to all cities of the country. The service anticipates that it will be able to organize its personnel from hundreds of army aviators returning from the front.

Plans for the laying of new routes and the extension of the service on a nation wide scale have not been formulated, but it is said that the extension will be in the near future. Captain Lipsner pointed out that in addition to the commercial value of speedy transmission of mail, already demonstrated by this service between New York and Washington the employment of hundreds of pilots will enable the nation to maintain an aerial reserve for military purposes in the event of another war. Also as an immediate benefit, a solution will be found for the employment of the returning aviators and the money spent by the government in training the men will be provided for.

Does Not Expect Wages to Return To Pre-War Basis

WASHINGTON, Nov. 27.—Frank P. Walsh, joint chairman of the National War Labor Board said in a statement made public tonight that labor must not be expected to return to the pre-war basis of wages and working hours. The only hope for a safe, orderly national development, he declared is in the maintenance of present wage levels and continuing improvements of conditions of labor. Investigations conducted by the war labor board, Mr. Walsh said, show that the lowest possible wage on which a worker and his family can subsist in health and reasonable comfort is 72 1/2 cents an hour based on the eight hour day. These same inquiries, he asserted revealed that before the war the great majority of laborers were earning far less than the amount necessary for a decent and healthy family existence.

Mr. Walsh predicted that there will be no return to the pre-war levels of cost of necessities within five years, at least and said that even with the reduction in living costs the present day wage standards must be maintained for them. "The workers in the average industry will be receiving only a fair return for their work."

VICE-ADMIRAL SIMS WILL BE PROMOTED

WASHINGTON, Nov. 27.—Vice-Admiral William S. Sims, commander of the American naval forces in Europe since the United States went to war has been selected for promotion to the rank of admiral when a vacancy in the list occurs next month thru the retirement of Admiral Austin M. Knight, Commanding the Asiatic fleet.

GAME CALLED OFF

Great Lakes, Ill., Nov. 27.—There will be no game between the Great Lakes Naval Training Station team and the undefeated Chicago Naval Reserve eleven to decide the naval football championship. This was officially announced tonight by Captain W. A. Moffet, commandant of both institutions. The proposed contest was called off because the Great Lakes team was to play a game at the annual tournament of roses at Pasadena, Cal., on New Year's Day.

ZURICH, Monday, Nov. 25.—Field Marshal von Mackensen, who commanded the German troops operating in Roumania on his return to Berlin had in his possession 69,000,000 marks in gold and notes according to the Zeitung of Augsburg, Bavaria. His staff carried stocks of provisions for their families.

RELATES DEALINGS WITH "YELLOW KID"

CHICAGO, Nov. 27.—Albert A. Charles, 45 years old, president of the Kokomo Steel Wire company told with a smile today how he had been swindled out of \$100,000 by two confidence men, one of whom he identified as Joseph ("Yellow Kid") well who is being tried on a charge of defrauding Charles Worden of Fort Wayne, Ind., out of \$15,000.

Mr. Charles said that Well, who was known to him as Weid, had told him he represented a German syndicate with \$50,000,000 to spend. This was in November, 1917. Charles offered to sell his steel plant for \$8,500,000. While this deal was pending, Charles said that he was induced to put up \$100,000 in a mining venture after which Well, or Weed, and his accomplices vanished.

RE-ARRANGEMENT OF UNITED STATES NAVY EXPECTED

Strength Will Be Divided Between Pacific and Atlantic

WASHINGTON, Nov. 27.—With the passing of German sea power the impelling strategic reason for keeping the main strength of the American navy massed in the Atlantic ocean no longer exists. Naval officers here anticipate that the fleet will be divided when the war emergency has passed and substantially one half of the main fighting strength of the navy go into a reorganized Pacific fleet. Secretary Daniels indicated today that a general re-arrangement of the fighting ships was to be expected. He gave no hint of what is under consideration his statement having brought out both questions when he announced that Vice-Admiral Sims, commanding American naval forces in European waters, would be nominated to the rank of admiral when Admiral Knight, commanding the Asiatic fleet retires next month. Rear-Admiral Gleaves, commanding the convoying forces will be named by President Wilson for the vacant vice-admiral's post thus created. No change in assignments will accompany the promotions which will be made for merit.

Naval Force Overseas. It is regarded as probable that a definite naval force will be maintained in European waters here after and it is possible that steps may be taken for the upkeep of the force. The navy has a station at the Azores and officers believe an arrangement with the Portuguese government under which the station will be continued for some time is to be expected.

Officers realize that the creation of a league of nations may produce new considerations. As the United States is sponsor for the proposal for a world league, it is assumed that a concrete plan of action has been mapped out for President Wilson by his military advisers. This would include the proposal of an organization under which the combined fleets would operate to police the world. The most practical way of arranging for an international police force of the seas many officers believe is to so provide that the locality of the disturbance to be quelled governs the composition of any international force to be sent to the scene. That also, would obviate any difficulty as to selecting the officer to command.

PROMISES TO GIVE MOONEY FAIR DEAL

President of California Federation of Labor Receives Assurance from Governor Stephens.

Sacramento, Cal., Nov. 27.—Assurance that the case of Thomas J. Mooney, sentenced to hang, would be given "careful consideration" was given today by Governor William D. Stephens to members of a committee of the San Francisco labor council who called to ask the executive to open the way for a retrial of the case. This statement was made by D. C. Murphy, president of the California State Federation of Labor, who headed the committee. He said Governor Stephens did not indicate when he would act on Mooney's petition for a pardon or what action he would take.

Will Furnish Governor Report. Washington, Nov. 27.—John B. Densmore, director general of the federal employment service, was instructed today by Secretary of Labor Wilson to furnish Governor Stephens of Colorado a copy of his report in the Mooney case.

In a telegram notifying Governor Stephens of his action, Mr. Wilson revealed that the foreman of the grand jury at San Francisco investigating charges of irregularities made in Mr. Densmore's report had asked to furnish the jury with a copy.

The labor secretary's telegram to the governor criticized the method of investigating the charges made by Mr. Densmore, but said the government would place at Mr. Stephens' disposal all material it has bearing either on the Mooney case or on the charges made in Mr. Densmore's report.

\$150,000,000 ON HAND TO PURCHASE FLEET

WASHINGTON, Nov. 27.—Vice President Piez, of the emergency fleet corporation, said today the shipping board has available a fund of \$150,000,000 for the purchase of the International Mercantile Marine fleet but he did not indicate what amount the government had offered. The fund was voted by congress for the purchase of vessels and very little of it has been expended.

Possible objection by the British government to transfer of the British registered vessels to American registry was seen by Mr. Piez as probably a hindrance to consummation of a deal whereby the government would take over the International Marine fleet.

U. S. Will Have Large Amount Of Stores Left

WASHINGTON, Nov. 27.—Demobilization of the military forces of the nation will leave in possession of the government enormous stores of clothing.

Included in the list of articles of clothing on hand and not in possession of the troops on November 1 were in round numbers five million cotton coats; six million woolen coats; four million overcoats; nine million flannel shirts; forty five million pairs of winter and summer drawers; forty four million pairs of winter and summer under shirts; eleven million pairs of shoes of all types; forty six million pairs of stockings and five million blankets.

Some of this large supply of clothing, all of which, and even more would have been needed, had the war continued thru the winter will be used before the troops can be demobilized. Some will be retained for the regular establishment, officers said, and the remainder doubtless can be salvaged.

BISHOP QUAYLE ASSAILS GERMAN PEOPLE

Declares Kaiser Must Be Tried And Executed For Murder Or Justice Will Not Have Room To Sway In The World

St. Louis, Mo., Nov. 27.—Bishop William A. Quayle, of the Methodist Episcopal church, speaking at the City Club luncheon today, declared that any peace commission of the American people which does not make the German people pay to the uttermost for their part in the war, is not the peace commission of the American people and until such time as the Kaiser is tried and executed for murder, justice will not have room to sway in the world.

"That is not hate," he said. "It is justice. The man who does not assent to that procedure has a mutilated moral sense, or he has no moral sense to mutilate. Justice never hurt any man and the man who does not talk justice has no place in the world."

We fought the Kaiser, he said. We fought the German people and we must in faith to the world hold the German people to strict account for their indecency. Not to be square and honest to the German people now and to mete out to them justice will be meted out injustice to the tomorrows of the world. Not to mete out punishment to Germany now is not love, it is sentimentality. Germany won't be put together again in the next thousand years and the less put together it is the further it will be apart, which is better.

Kings Must Pay

"Kings must be sentenced, not in the name of England, nor of Belgium, nor of Roumania, but in the name of the human race so that never again shall they rise to menace mankind."

This is America's day because the whole world has gone American. We've never seen the whole world. The men of the world are in this convocation. There is no more 'verboten.' Germany never again can intimidate the world. The world has become a thoroughfare. The road is for anybody if he chooses to walk as a man. Kings can pass as hord-carriers if they like. All the dreams of the Declaration of Independence have come to pass. You can no more return to yesterday with your Monroe Doctrine, than you can go back 1,000 years to seize the stars. You cannot crawl back into your American shell and stick out your head with 'none of my business.' The world owns the road and if we play the turtle we will have to get out of the road or get run over."

PREPARING TO RECEIVE YANKS

REVISION OF REVENUE BILL NEARS FINISH

Program of Raising Six Billion in 1919 Adopted

WASHINGTON, Nov. 27.—Revision of the war revenue bill was substantially completed tonight by the senate finance committee. Amendments perfecting the program of raising six billion dollars in 1919 were adopted and by a strict party vote the committee formally approved Chairman Simmons' plan to raise four million dollars in 1919 thru reduction of individual and corporation income rates, elimination of the war profits tax and reduction of the excess profits rates.

With the seven republicans in opposition to the Democrats adopted Chairman Simmons' plan for 1920 to reduce the normal tax rate for individuals and corporations from twelve to eight per cent to abolish the 80 per cent rate of individual and corporation income rates in 1920 to a maximum of twenty per cent and a maximum of forty per cent or two thirds of 1919 rates.

Also the committee now practically has completed the bill it became known today that the internal revenue bureau has almost despaired of the enactment of the measure before January 1, and has made full plans for collection of taxes under the old law, by which it is estimated only \$4,000,000,000 would be produced next year. The old law which remains effective until repealed by the new revenue bill specifically enjoins the commissioner of internal revenue to prepare forms for use of taxpayers to report their incomes, profits and other taxable matters between January 1 and March 1.

Roper Explains

Daniel C. Roper, revenue commissioner, also explained today that he would be forced to administer excise, floor, business transportation and other taxes collectable monthly under the old law after January 1. If the new measure is not finally enacted by then, the collection of additional sums resulting from increased rates under the new act or repayment of taxes collected under schedules repealed by the new act, then would precipitate much confusion it was explained. Both the programs of 1919 and 1920 taxation except for minor amendments to be made when the committee reconvenes next Friday virtually were completed today. After Friday's meeting a revision of the bill will be made and Chairman Simmons plans to report it to the senate sometime next week. The Republicans announced their intention to oppose inclusion of 1920 rates in the bill and may file a minority report.

Chairman Simmons plan for 1920 revenue was adopted without change. Among less important decisions of the committee today was the rejection of proposals by Senator Snott to impose a one per cent tax on gross retail sales and to exempt corporations with less than \$1,000,000 capital from excess profits taxes. The committee also considered requests to abolish the floor, or stock taxes on tobacco, but decided finally upon their retention.

DISCONTINUE SUGAR CERTIFICATES

Washington, Nov. 27.—Distribution of sugar under the certificate system will be discontinued December 1, under an order issued today by the food administration. In announcing the order the administration emphasized that requests for conservation of sugar were in no way modified. Domestic consumers, it was said, will be expected to observe the voluntary ration of four pounds per person a month and public eating places will be required to use only four pounds of sugar for each 90 meals served.

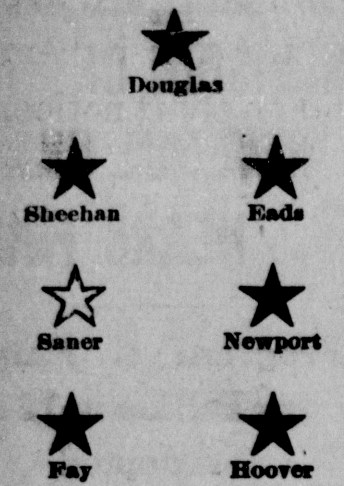

FIND BODY IN TRUNK

New York, Nov. 27.—The body of a man believed to be Joseph Bonello, of Brooklyn, was found wedged in a new locked trunk on the sidewalk at the corner of Mott and Grand streets by a policeman early today. A preliminary investigation showed no marks of violence and an autopsy was ordered to determine the cause of death.

If George W. Wickersham, formerly attorney general, correctly interprets the law, Vice President Marshall will assume the duties of the presidency after President Wilson leaves the U. S. for the peace conference. It is a question whether this construction will add a feeling of security or insecurity to the public mind while the president is abroad.

In more than a thousand Morgan county homes today there will be a spirit of devout thankfulness, no matter what the Thanksgiving menu happens to include. This year the thought is not centered about "turkey and trimmings." Instead people are rejoicing that the war is over and that the "boys are coming home." What's on the table counts for little. It is the big war fact that is the basis of American thankfulness today.

THE BLESSING OF SUNSHINE.

One thing to be thankful for today is the sunny weather which has predominated the past two or three days. Sun-

shine is a blessing we do not appreciate until weather conditions are gloomy. But that's the way with most good things. We must have something to compare them with before there is real appreciation.

RE-ADJUSTMENT PROBLEMS.

Definite orders are soon expected for the demobilization of the Student Army Training corps at Illinois college. It is the announced intention to demobilize all of the numerous units throughout the U. S. This action will mean a distinct disappointment to the young men who have shown such patriotic enthusiasm in their work. It will also present some difficult problems for the authorities of the institutions, who have made special arrangements and planned their curriculums for the accommodation of the training units. But these things are all a part of the readjustment program which everybody concerned will meet loyally, making the best of the situation, realizing that this country is immensely fortunate to be able to demobilize instead of summoning additional thousands of American young men to risk their lives in the army service.

"LIVING WAGES."

Frank Walsh in a statement about the labor situation in coming days says that the worker is entitled to an average wage of 72½ cents an hour for an 8 hour day if he is to decently support a family. The labor leader also says that no reduction in the present scale of wages will be tolerated. He indicates that this cannot come, even if the price of commodities is lowered.

Living costs now are admittedly very high, but there does not seem to be sound reasoning in the suggestion that the present high wage scale must remain intact, even if living costs are materially reduced. In fairness wage schedules are based upon living conditions, and the cost of necessities should furnish the barometer for wages.

Generally speaking, capital is in favor of paying satisfactory living wages if business conditions make this possible. But it can be figured out right now that American living costs and American wages at the present status cannot continue unless steps are taken for the protection of both American capital and American labor in its competition with capital and labor in foreign countries.

OUR LOCAL COLLEGES.

Springfield recently made a very liberal offer for a building site and endowment if Illinois Wesleyan university is moved there from Bloomington. Now the latter city has come forward with a substantial offer of financial aid if the university is retained. This struggle between the two well known Illinois cities brings the suggestion that Jacksonville is fortunate, indeed, in having several educational institutions located here. Aside from their contribution to the literary and social life of the city, they

constitute a very important commercial asset. Let us hope that no alluring offers are made by other cities for the removal of any of the colleges now forming such an important part of Jacksonville's life.

THE FORMER CROWN PRINCE.

A "delayed" message from Amsterdam tells how the former crown prince of Germany is planning to spend his days while interned in Wieringen. One might think from his statement that the former prince imagines American people interested in the routine of his daily life. He hopes "to indulge in skating, has ordered a piano and billiard table" and other highly interesting personal details are given in the interview which unfortunately was not permanently "delayed."

All the American public wants to know about Frederick Wilhelm is that he is in some place where he can no longer menace the safety of the world and that he is making some expiation for his part in the German crimes against humanity.

LIBERTY BOND PUBLICITY.

Secy. McAdoo has formulated plans for the fifth Liberty Loan. The secretary might well include in these plans one for newspaper publicity paid for from the government treasury rather than by subscription from business men. In the past the secretary has been unwilling to authorize expenditure for newspaper advertising, preferring to make, instead, extensive appropriations for other forms of publicity.

Some wonderful posters have been produced and printed in former campaigns. They were very effective, but thru their multiplicity have lost force. This was illustrated in the Y. M. C. A. drive where seemingly posters attracted very little attention. Some different publicity program is evidently necessary for the fifth loan and no doubt the national association of newspapers will take up this advertising matter with Mr. McAdoo, as they have done several times before.

Rippling Rhymes

By Walt Mason

The Dump.

And now we may behold, my friends, where consciences are afflicted ends. Five years ago the Kaiser sat, with eagles on his golden hat, the ruler of a mighty state, in industry and commerce great. The Kaiser might have said, "Gee whiz! How prosperous my country is! The credit I'll receive, no doubt, when death has put me down and out." His future age now will cry, "How said that Kaiser Bill should die? Our country's never been the same since he cashed in and 'uit the game, not other Kaiser's had his pep, and we go backward step by step." They'll bless my name till time is done, and chaos shall engulf the sun." But Kaiser Wilhelm sat alone, upon his large upholstered throne, and said, "It's not enough for me, this graft of ruling Germany. It is too small and cheap a stunt for one with my majestic front. The whole blamed world must kneel down and tremble at my war lord frown. My ships must boss the seven seas, my banners float in every breeze." And now we see the Kaiser's end; there's none so poor to call him friend. And men will gather round his grave, and say "He was both fool and knave. With world-domination dreams he fogged, and wrecked the mighty land he ruled."

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio—"I suffered from a female trouble which caused me much suffering and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who has been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. Marie Boyd, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of many years' experience is at your service.

TO DISBAND STUDENT ARMY TRAINING CORPS

Announcement from Washington Indicates Units at Colleges and Universities Will Soon Be Demobilized — Lieut. Hardwick Goes to Chicago Today Expecting Definite Instructions About Local Unit.

The general order has been issued from the military department at Washington, it is understood, requiring the demobilization of the various units of Student Army Training Corps in the universities and colleges of the country. Such an order was received here Wednesday, according to Lieut. C. H. Hardwick, who is to leave for Chicago tonight. Lieutenant Hardwick was ordered to Chicago and it is his expectation that while there the department plans for demobilization will be outlined. Dr. C. H. Rammelkamp, president of Illinois college, stated last night that he understood plans were being formulated for demobilization but that he was not in a position to make any comprehensive statement, his view being that the detailed announcement must properly come from the military authorities at Washington.

Training to End Soon. It is generally understood that all units are to be disbanded by the close of the present term. A few weeks ago it was said to be purpose of the government to continue the S. A. T. C. units in training until the first of July when the contracts made with universities and colleges will expire. Evidently the department plans have changed and it has been deemed best to demobilize the units now and make settlement with the educational institutions.

The order will be a keen disappointment for many of the young men in the training unit, but it is also true that the close of the war puts an end to the special zeal for training and it would be difficult to maintain the strict military routine of the units with the possibility gone of entering active army service. Altho the members of the unit here now understand that demobilization plans are being perfected, this fact will not interfere with Thanksgiving day events.

Fine Dinner Today

There is to be a regulation turkey Thanksgiving dinner served at 1:30 o'clock and in the evening a moving picture program will be given by the Y. M. C. A. under the direction of Secy. W. E. Collins.

A glance at the menu the young men are to have today indicates that there are some compensations in missing overseas service.

A DOUBLE BIRTHDAY CELEBRATION

For a long time Herman Weber has been an invalid, unable to get out and mingle with his friends as he would wish. In health he was ever ready to minister to those less fortunate than he and his friends of the mystic Three Links remembered and last evening planned a little surprise for him. Monday was his birthday and yesterday Mrs. Weber's birthday so the brethren decided to make one celebration of the two events and accordingly Brothers G. A. Muehlhausen, E. E. Henderson, Charles Seymour, J. T. Osborne, T. M. Tomlinson and Judge and Mrs. W. E. Thomson armed themselves with a good quantity of the choicest refreshments and proceeded to the Weber residence on South Main street.

Mrs. Weber happened to be out at the time and the key was door was answered by Mr. Weber whose astonishment was complete and his satisfaction likewise. He was truly delighted at being thus remembered and soon his wife returned and was also astonished and pleased. A social time was enjoyed and then with best of mutual wishes the self invited guests departed with many happy recollections of the occasion by both hosts and visitors.

We will be open until noon today.

THANKSGIVING SERVICE AT LYNNVILLE

The two churches at Lynnville will unite in a Thanksgiving service Sunday morning. The plan is to hold the service at the Christian church, the Rev. F. C. Read, new pastor of the Methodist church, preaching the sermon. If, however the Jacksonville churches are still closed, the Rev. M. L. Pontius has promised to be the speaker, at which time a service will be in a Methodist church. A union choir will lead the singing. Each church will hold its own Sunday school at 10 a. m., the two congregations coming together at 11 for the Thanksgiving service.

OLD JACKSONVILLE

TWO MORE ENGLISHMEN

By Ensley Moore

(Member Illinois State Historical Society)

A few weeks ago, mention was made, in these sketches, of two Englishmen who had been early settlers of Morgan county, and who had more interesting experiences than most people have had.

This time reference will be made to two more early settlers who were born in "Merrie old England."

The first of these is

Robert Allison.
Mr. Allison was born near Selby, Yorkshire, England, September 12, 1801. He left the other side in the spring of 1821, and, after his arrival in America, spent a few months with his brother Thomas, in Indiana. Robert then came on to Morgan county, while it was still a part of Greene county, and settled about four miles north west of the present site of this city in the spring of 1822. This county was not organized until 1823, and Jacksonville not laid out until 1825, so was pretty well "ahead of the bounds," or words to that effect. It would be safe to say he saw Indians, wolves, deer and other inhabitants now gone from this region.

Mr. Allison bought the "Mount Pleasant farm" which was his home for about half a century, about 1824. He also established the first grist mill, using oxen as the motive power, and had customers from long distances.

He visited England in 1829. After his return from there he married Mary, third daughter of Robert Norwood. He had six children by this marriage. His daughter Sarah married Robert Hill; Mary, George Branharn, and Ann, John Funk. Several children died comparatively young. But those remaining were settled comfortably near their father.

Mr. Allison lived to good old age, past three score and ten, and was one of the early settlers to see a wonderful development in this county, as well as in the state of Illinois.

The second of these Britishers was

Samuel Poole.
Mr. Poole was born in Bedfordshire, England, April 2, 1822, just the year that Mr. Allison came to this country.

son came to this country. Mr. Poole came to this country and first settled near Philadelphia. There he engaged largely in the milk business, and, afterwards, was successful in the ice trade. He was also a partner in the Fairmont Glass Works for about a year and a half.

He came west in 1852, and located in this county. Two years later he settled on the farm which was his home for many years afterward.

It seems to have been the way of those Englishmen to get married often. Mr. Poole, having had three wives, and Mr. Camm had two. Mr. Poole had three. The first was Mrs. Elizabeth Owens, of Pennsylvania, to whom he was married Feb. 22, 1848. They had one son, William Benjamin. The second wife was Mary Knight, of Bedfordshire, England; to whom he was married Dec. 12, 1853. They were the parents of two children, one being named Mary. The third matrimonial alliance was with Mrs. Samantha Wallace, Nov. 27, 1858. Their children were, Ann, James, George T., and Delany.

Mrs. Poole had four children, or more, by her first marriage: Robert, Richard, Warren and Armina Wallace.

Mr. Poole had the English habit of strolling over the world, so he was one of our first citizens to go to Pike's Peak, in those days when many people went there and returned "busted." His English characteristics stood him in good stead so he engaged in the provision business and was quite successful at it.

Mr. Poole returned from the West, and bought his place, out near Bethel. The Pike's Peak era, at first, was about 1859 or 1860.

It was quite a trip the immigrant made from his native land to Philadelphia, and quite a step, probably over a thousand miles the way he came, to Morgan county, and most people would think his jaunt of nine hundred miles from here to Colorado was some journey. Even all this did not satisfy him, for he made several excursions back to his old country.

at White Hall when he has a Sunday lay-over at Roodhouse.

Pioneer Resident Dies.

William H. Strang, one of the old and widely known Greene county farmers, succumbed to a long illness Sunday at the home of his daughter, Mrs. Thos. E. Giller, on Apple Creek Prairie, at the age of nearly 80 years. He is the father of Frank Strang of Greenfield and Howard Strang of Lorton's Prairie, southeast of White Hall, and was a man who was held in the very highest esteem. Funeral services were under the auspices of the Masonic order at 2 o'clock Tuesday, the discourse being delivered by Rev. Leo Howard of the M. E. church, and were held at the grave on account of the members of the family being ill with influenza, which has been prevalent in the rural districts in southwest and southeast of White Hall.

Word has been received that Charles Martin, son of S. A. D. Martin, living west of White Hall, was killed in action in France October 3rd. Reports of fatalities among our boys are gradually sitting in a month and six weeks late.

Sons have been born to Mr. and Mrs. Wayne Ross and Mr. and Mrs. Bert Tankersley, both families residing to the east of the city.

OBITUARY.

Mrs. John Carrigan passed away at her home near Woodson, Ill., after a few days' illness.

Margaret, daughter of William and Catherine McGrath, was born near Jacksonville, Feb. 15, 1885,

and died near Woodson, Nov. 22, 1918, being at the time of her death 33 years, 9 months and 7 days.

Her entire life was spent in Morgan county. She was united in marriage to John Carrigan on April 21, 1907, to this union were born six children, Kathryn, Vincent, Julia, Marie, Eleanor and James.

Eleanor preceded her in death. Besides the grief stricken husband and children, she leaves her mother and the following sister and brothers, Will, living near Murrayville; James, Mary, Michael, Francis and Edward, at home, and Thomas with the U. S. army in France.

Her father and three brothers also preceded her in death. She leaves a wide circle of friends and relatives who mourn her loss as she was always ready to lend a helping hand where ever it was possible.

An affectionate wife, a tender mother and a kind friend to every one has left us, but our loss is her eternal gain.

She was a faithful member of St. Bartholomew's Catholic church but on account of the nature of the disease the funeral services could not be held there. The services were held at the grave in St. Bartholomew's cemetery on Sunday morning at 11:30 o'clock with the Rev. Father Flynn officiating.

The bearers were J. Thomas Mandeville, Michael Doolin, Michael Cashin, Nicholas Conlon, Louis Wahl and Michael Riley.

Proposed Plan for Removing Wesleyan University to Springfield Brings Up Big Educational Questions—General Committee Named to Make Survey.

JACKSONVILLE ILLINOIS

tive to Methodist educational institutions of the state was held in Decatur Tuesday. Representatives were present from three Methodist educational institutions, and from six Methodist educational institutions. The purpose of the conference was to begin the mapping out of a general welfare program for Methodist educational institutions of the state, with the thought in mind of making general provisions which will be adequate in a basic way for the next 100 years.

As a result of this conference a committee of twenty eight was named, this committee to include one ministerial and one lay trustee from each of nine institutions and various church representatives. An early meeting will be held for organization and it is planned to push the work of investigation and recommendation in such a way that some specific statement can be given in March as a basis for future efforts. At the Decatur conference Illinois Woman's college was represented by Dr. Joseph R. Harker and Rev. E. L. Fletcher. For membership in the general committee already referred to Rev. E. L. Fletcher of this city and James E. McMurray of Chicago were named as representatives of the trustees.

The Springfield Offer. It should have been stated

above that the organization as outlined provided for the naming of two members of the committee at large, the two chosen for this purpose being Francis E. Blair, state superintendent of public instruction, and Dr. Edmund J. James, president of the University of Illinois. The Decatur conference and the organization of a larger committee for survey work and recommendation is really the result of a movement originating in Springfield, to have Illinois Wesleyan university removed from Bloomington to the capital city. This project has been under consideration for many months and at the session of Illinois conference held in Quincy in September a definite proposal was made, backed by certain organizations in Springfield, providing for the removal of Illinois Wesleyan to Springfield and the consolidation with it of Hedding college of Abingdon and McKendree college at Lebanon.

The proposition from Springfield includes a valuable site and a large sum of money for building purposes, together with additional money for endowment. The conference looked with such favor upon the proposition that they went on record as recommending the change unless Bloomington came forward with a financial proposition which would mean the enlargement of Wesleyan if it remains in that city. Bloomington has made a proposition to furnish a forty acre site and has made some other proposals.

Decision Delayed. As a result of the Decatur conference and the formation of the general committee, this whole matter of the removal of Wesleyan will be held in abeyance until the committee report has been made and acted upon. The six Methodist educational institutions in the state which are affected by the proposed program of removal to Springfield are Grand Prairie seminary at Onarga, Hedding college at Abingdon, Illinois Wesleyan, Bloomington; Illinois Woman's college, Jacksonville, and McKendree college at Lebanon, and the Wesleyan Foundation of the University of Illinois.

As already suggested, if the change is made from Bloomington to Springfield two of the colleges mentioned will be consolidated with Wesleyan. Such a movement would mean the establishment of a heavily endowed Methodist university which would have the special fostering care of Methodism. The interest of Illinois Woman's college is found in the fact that such a large institution so located and directly under the care of the Methodism of the state, would have an overshadowing influence both in the matter of students and financial strength. Dr. Harker and the college authorities therefore feel that the college is vitally interested in the proposed plan and it is their suggestion and belief that a general program should be mapped out for Illinois Methodism's educational work, which will consider the interests of all of the six institutions.

Plea for Commercial Interest. In any general financial campaign for the raising of any sum of money for educational work in the state, it is their belief that there should be a communal interest of the various institutions and that such funds should be apportioned among the various institutions according to their needs and standing. The statement and argument presented by the Woman's college authorities have attracted the attention they merit from the church officials throughout the state, and that no action is to be taken relative to the Springfield proposition or to Methodist educational institutions as a whole without a serious period of investigation and due thought for coming years, is proven by the appointment of the general commission named.

It is quite patent too, that Dr. Harker and his associates are looking well to the future of the college in their insistence that the institution is vitally interested in the proposed consolidation plan.

FRANK H. LEEDER DIED THIS MORNING

Well Known Musician Answers Final Summons—Was Associated With G. M. Luttrell in Management of Majestic Theatre.

Frank H. Leeder, aged 28 years, a well known musician of the city and associated with G. M. Luttrell in the management of the Majestic theatre, died at the Red Cross Emergency hospital at 12:44 o'clock this (Thursday) morning of pneumonia after an illness of but a few days.

Mr. Leeder was seized with what he thought was a heavy cold a few days ago which developed into pneumonia. After his removal to the hospital his condition was accounted as more favorable until late Wednesday night. Then a turn for the worse was followed by death.

Frank H. Leeder was the son of Mr. and Mrs. Henry Leeder of Springfield, and was born and reared in that city. He studied music and was an accomplished musician. He was engaged in orchestra work at Springfield theatres for a number of years.

Six years ago he came to Jacksonville as pianist for G. M. Luttrell at the Majestic theatre. Later he became associated with Mr. Luttrell as a partner in the business and has shown ability in the managerial line as well as in a musical way.

Mr. Leeder was united in marriage about four years ago to Marguerite Long of Springfield who survives together with his father and mother and two sisters and one brother.

The remains were removed to the undertaking parlors of W. W. Gilham and prepared for burial. No arrangements have been made for the funeral but it is probable that the remains will be taken to Springfield for funeral services and interment.

EXPENSES OF CAMPBELL TRIAL ALLOWED

Springfield, Ill., Nov. 27.—A claim of \$3,121.62 to cover the expense in connection with the trial and legal procedure of the "Chicken Joe" Campbell murder case was allowed Will County by the Illinois court of claims today. Campbell is serving a life sentence at Chester after the death sentence had been commuted by Governor Lowden. He was convicted of killing the wife of Former Warden William Allen of Joliet penitentiary.

GEORGE ROBINSON IN A HOSPITAL

John Robinson residing in the vicinity of Oak Lawn Retreat, has received a letter from his son George stating that the writer is in a hospital in France. Mr. Robinson was inclined to think the hospital is in Paris but he hasn't certain nor did he know anything regarding the nature of the young soldier's indisposition.

FUNERAL NOTICES

Funeral services for Mrs. Francis McGinnis will be held from the residence, 129 DuPont street at 9 o'clock this morning with burial in Calvary cemetery. Funeral services for William L. Holley will be held at Jacksonville cemetery at 10:30 o'clock this morning.

GOOD BUSINESS YESTERDAY

Business in nearly all lines was quite good yesterday. The majority of merchants interviewed said that trade was quite satisfactory and decidedly improving. Several said November of this year would exceed the same month of 1917. The roads are perfect and there is no reason why trade should not look up most decidedly.

VISITED HIS AUNT.

Oscar Hanson with the Mutual Film Company of Chicago visited his aunt, Mrs. E. E. Henry. The gentleman was formerly a resident of this city and is well known here and now has a fine position with the film company.

Miss Mary Barry and niece, Verena Barry, of Merritt, and Miss Ruth Hawk of Winchester, are spending Thanksgiving with Miss Hattie Barry on South Kosciusko street.

Mr. and Mrs. T. B. Fozzard have returned to their home on East College avenue from Lincoln, Nebraska, where they went to attend the funeral of Mr. Fozzard's brother, J. L. Fozzard.

TAKING VACATION

Miss Lydia Barrette of the public library, accompanied by her mother, Mrs. M. E. Barrette, is in Springfield to spend Thanksgiving with Mr. and Mrs. G. E. Doying. From Springfield they will go to Laverport, Iowa, and other points, expecting to be away from Jacksonville for a number of weeks.

Mrs. F. E. Farrell has returned from St. Louis, where she spent the past ten days with her mother, Mrs. Martin, who has been ill.

SERVICES AT CHAPIN

Announcement has been made that Thanksgiving services will be held this morning at 10 o'clock at the Christian church in Chapin.

Mrs. Harriet Mount and Miss Genevieve Mount will go to Virginia today to spend Thanksgiving with the family of Mrs. Gaines.

Miss Dorothy Dorsey, superintendent of the Social Service league, left yesterday afternoon for Alton to spend Thanksgiving with relatives.

Judge Carl Epler of Quincy is here to spend Thanksgiving with his sister, Miss Elsie Epler, at her home on West State street.

Miss Hazel Belle Long went to Virginia yesterday afternoon to attend a dinner given for the members of the bridal party of the Sadbrook-Jokisch wedding.

MATRIMONIAL

Kumle-Howe.

The marriage of Mr. John Kumle of Alexander and Miss Helen Howe will be solemnized at 6 o'clock this morning at the Church of Our Savior. Nuptial mass will be celebrated by Rev. Father Cahill. The attendants will be Miss Gertrude Kumle and Mr. Fred Kumle, sister and brother of the groom. On account of present quarantine conditions only immediate members of the family will be present. The bride and groom will leave during the day for a northern trip. After their return they will be at home in Alexander.

Miss Howe is a daughter of Mr. and Mrs. Daniel Howe of East State street and is a young woman of exceptional character and ability. She attended the local schools and subsequently finished a course at Routt college in a very creditable way.

Mr. Kumle, who is a son of Mr. and Mrs. Joseph Kumle, after attending the county schools was a student at Brown's Business college. He is a prosperous and successful farmer and will continue in that occupation.

Johnson-Brinning.

James E. Johnson of Jacksonville and Miss Agnes Brinning of Midland City, Ill., were united in marriage Tuesday evening, at the Christian church parsonage, on West College avenue, the ceremony being performed by Rev. M. L. Ponius. The young people left immediately after the ceremony for a short wedding trip and upon their return will be at home on a farm west of the city.

The bride has for some time been a student at the Passavant hospital training school in this city and has won many friends while resident in the city. The groom has for some years followed the occupation of farming and is a young man of sterling worth. The young people have many friends who will wish them a happy wedded life.

FUNERALS

Kinnison.

The funeral of Mrs. Mary A. Kinnison was held in Naples cemetery Tuesday morning in charge of the Rev. F. H. Lathrop, pastor of the M. E. church at Bluffs. Music was furnished by Mrs. William Hamilton, Mrs. A. Savasie, Mrs. George Haas and Miss Nora Abrams, who also sang a solo. The flowers were cared for by Mrs. Haas, Mrs. Hamilton and Mrs. Abram. The bearers were Alvin Ellison, Charles Sheets, D. Simmons, Frank Bentley, Allen Kinnison and William Hamilton.

McConnell.

Funeral services for Mrs. Julia McConnell were held at Diamond Grove cemetery at 2:30 o'clock Wednesday afternoon. The Episcopal service for the dead was read by the Rev. J. F. Langton, rector of Trinity church. The bearers were S. T. Anderson, J. Marshall Miller, J. R. King and Landon Mapes.

MADE GOOD RECORD

Altho the war is over soldiers in attendance at the officers' training school at Camp Taylor have continued their work. Recently Francis Rantz, son-in-law of Mr. and Mrs. J. W. Hubble, made an unusual record in his work there. In an examination for the handling of big guns Mr. Rantz was one of two out of a class of 200 that passed the test as an expert. He is now entitled to wear a chevron in his uniform as a mark of honor. Mr. Rantz as a student at the University of Illinois, showed special ability in mathematics and it is no doubt this aptitude in training which has been of service to him in the officers training camp.

WITH THE SICK

Dr. T. J. Pfitzer, who has been ill for some time, was able to be at his office Wednesday for a few hours.

Roland Stice, who has been dangerously ill with pneumonia, was able to sit up for a couple of hours Wednesday.

William Graubner, who is confined to his home by an attack of pneumonia, was reported Wednesday night as in a critical condition.

Mrs. Anna Magill and daughters, Misses Nellie and Clara, of East College avenue, are seriously ill with influenza.

Mayor H. J. Rodgers is confined to his home with a slight attack of influenza.

Richard Towers of South Fayette street underwent an operation at Passavant hospital Wednesday. His condition was accounted as satisfactory.

Social Events

Birthday Surprise for George R. Deere.

Tuesday was the birthday anniversary of George R. Deere of Franklin, and in honor of the event his wife planned a surprise for him. At the noon hour a bountiful dinner was served including roast duck and many other good things to eat. The afternoon hours were spent in a pleasant manner with music and conversation. Those present were Dr. J. W. T. Stewart and wife, Dr. and Mrs. Henry Sears, Mr. and Mrs. Bright Sears and children, Mr. and Mrs. T. W. Deere, Misses Ida and Harriet Deere.

Birthday Surprise for Miss Fortner.

Miss Martha Fortner of Duncan street was pleasantly surprised Wednesday evening when a large crowd of her young friends gathered at her home to help celebrate her sixteenth birthday. The young lady was absent when the guests arrived and her astonishment was great when she returned. She accepted the situation gracefully and gave her guests a hearty welcome. The evening was pleasantly spent in games and music and refreshments were served. A large birthday cake decorated with pink candles was a feature of the occasion. The guests departed at a late hour wishing Miss Fortner many returns of the day.

MORTUARY

Johnson.

Elbert Johnson, a long time resident of this city died at a local hospital at 12 o'clock noon Wednesday after an illness of several years.

Deceased was the son of Alexander and Anna Johnson and was born near Concord August 6, 1847.

He was united in marriage at Versailles, Brown county, to Miss Anne Leeper who survives him together with two children, Mrs.

E. T. Hudson of this city and J. H. Johnson who is in the contracting business at Danville. He also leaves one brother, Rev. F. M. Johnson residing in Missouri. Three children preceded him in death.

The remains were removed to the undertaking parlors of J. G. Reynolds and prepared for burial. Funeral arrangements have not been made.

TUBERCULOSIS BOARD PREPARES TO BUILD

Members Held Meeting Yesterday and Engaged Joseph DeGoveia to Superintend Construction Work—Will Begin Monday.

The members of the Morgan County Tuberculosis Sanatorium board held a meeting yesterday and engaged Joseph DeGoveia to superintend the remodeling of the building each room will have a door opening directly on the porch.

The board, composed of William Batz, Dr. Grace Dewey and W. R. Turnbull of Waverly, have given much thought and time to their work. It was only after careful consideration that the members decided that it would be best to have the work done by the day. To this end they asked for figures for superintendence of construction.

The work will be done under the direction of the supervising architect. Mr. DeGoveia will be the agent for the board in the purchase of all materials and all bills will be submitted to the board for approval. It is the intention of all things being equal, to favor home merchants for all materials that go into the building.

Will Soon Begin Work. This was done and in the bidding for the superintendence Mr. DeGoveia was the low bidder. Mr. DeGoveia announced last evening that he expected to have a force of men at work Monday. It is expected that the work will be completed by April 1. However,

this will depend largely upon the weather conditions and facilities for getting materials which have not been the best the past few months.

While it is impossible at this time to give a detailed outline of the plans a few of the things that will be done are: A two story porch on the south and west of the building. This porch will have glass and screen and will be used for a sun porch by those who take treatment. In the remodeling of the building each room will have a door opening directly on the porch.

JESSE WOODALL DEAD IN SCOTT COUNTY

Well Known Resident Succumbs to Pneumonia—Funeral of Charles Meyers—News Notes

Winchester, Nov. 27.—The community was shocked Wednesday afternoon to learn of the death of Jesse Woodall at his home five miles east of Winchester, at about 3 o'clock Wednesday afternoon. Deceased has been ill only a few days with pneumonia, however, he had not been in good health for a few weeks preceding his late illness.

Mr. Woodall is survived by his wife and six year old son, Warren. He is also survived by his mother, Mrs. Robert R. Woodall, and the following brothers and sisters: Mrs. William Kirkpatrick, Winchester; Mrs. Laura Fletcher of Jerseyville; Charles Woodall, Manchester; Olive Woodall, Winchester; Lee Woodall, Denver, Colo., one half sister, Mrs. Anne Dolan, and two half brothers, William Woodall of Winchester and Samuel Woodall of Alsey. Deceased was preceded in death by his father, the late Robert R. Woodall and a few months ago by his sister, Mrs. Charles Lashmet.

No arrangements have yet been made for the funeral.

The Scott county circuit court adjourned Wednesday noon until Monday, Dec. 2, at 9 o'clock.

The Meyer Funeral

The death of Charles Myers occurred Tuesday night at ten o'clock at his late home, following an illness of ten days of influenza and pneumonia. Funeral services were conducted at 3 o'clock Wednesday afternoon at Winchester cemetery, in charge of Elder J. H. Coats. The bearers were Charles Townsend, Stanley Dickson, Fritz Haskell, Lou Bailey, M. W. Sappington and Irvin Coultas. Mrs. Meyers is still seriously ill, and only a month ago Mr. and Mrs. Meyers lost a small child. The citizens of Winchester have aided the stricken family in every way possible, as they were unable to secure the services of a nurse.

News Notes. A number of people here are now ill with influenza, among the number being Misses Ruth Coultas and Nellie Lashmet, Russell Bailey, Howard Mader, and Roy Johnson.

The funeral of the late William Tankersley will occur at 10 o'clock Thursday morning at the Baptist church in Glasgow. Death occurred Tuesday morning at the home of the parents of the deceased, Mr. and Mrs. Henry Leipze.

Joseph Hogan, son of William Hogan of Chapin and nephew of George Hogan of Winchester, has recently been honorably discharged from Camp Custer, Mich.

Claude Thomas and mother were Jacksonville visitors Wednesday. Fritz Haskell, sheriff-elect, will enter upon his duties Monday morning. His deputy will be Claude Thomas; the janitor will be Walter Hart, and the janitor at the court house Henry Keuhl.

The Farmer

Do you know that the man with 40, 80, or 160 acres of land has one of the best and safest investments in the world? He is the Chief Executive and Personal Representative of his estate and his table groans with the luxuries that the millionaire in his palace would envy; for there is the fruits in season, and vegetables without limit or stint and cereals the whole year around, yellow-legged chickens, turkey, pig and lamb and beef ever sweet and fresh with a flavor that cannot be bought in the best market, yet it is the farmer's daily fare.

There are no certain hours that he must be at his post or be considered tardy, there is a constant change of scenery and work that keeps him fresh and vigorous; there is time for study and recreation and he can go to town, a picnic, or to the Fair without the thought of his business stopping or being neglected.

He has a safety in his investment that there is in no other business for his land cannot burn up or blow away or rust out but gets more valuable with time and cultivation.

If you want a farm, come and see me.

NEW PICTURE THEATER PROJECTED

Harold J. Johnson Reported Planning to Open Movie House in Buckthorpe Building on East State Street.

It was rumored Wednesday that Harold J. Johnson had leased from T. H. Buckthorpe the East State street building, until recently occupied by Harry R. Hart for the Arcade Furniture stock. Mr. Johnson when asked about the matter last night said that it is his expectation to open a picture theatre but that he had not yet completed all of his plans. A definite decision will be reached today.

The Buckthorpe building, which was years known as the marble front, extends from East State street clear thru to Morgan street and so has unusual depth. It can readily be arranged for a picture theatre with large seating capacity and the location is accounted admirable. Mr. Johnson for a number of years managed the Grand theatre successfully and he is thoroughly familiar with the movie business. It is his intention to offer a class of pictures which will make ready appeal to motion picture patrons.

QUARANTINE STILL IN EFFECT

The local situation does not improve as rapidly as we had hoped. Therefore it has been determined to continue the quarantine provisions until further notice. At a conference Wednesday afternoon, Miss Coale, Miss Martin, Judge Brockhouse and M. F. Dunlap, who have charge of the Emergency hospitals, were present. Miss Coale and Miss Martin visit those who are sick with the disease and are familiar with conditions. The following facts were presented:

At the Emergency hospital on West State street 18 cases are being cared for and 35 cases are having meals sent to them in their homes, conveyed by Boy Scouts. Miss Coale reported having visited 40 additional cases not receiving meals. In addition there are 11 cases at the emergency hospital at Jacksonville State hospital. These various cases mentioned added together make a total of 104, which is too many to justify the removal of the restrictions.

The faithful women who have devoted the last five or six weeks to the work are becoming tired and exhausted. They say it is very difficult to get workers to prepare the meals for so many people. They protest vigorously against the raising of the quarantine, which may result in development of many more cases. They raise the question of disbanding and very properly, I think ask: "Will those so clamorous for removal of restrictions provide the workers to care for any new cases which may come?"

The state department of health depends on the judgment of local health authorities and hospital nurses and those in close touch with the situation to determine the actual facts. Mr. Martin, city commissioner of health and safety, and myself both think the situation at present does not warrant the lifting of the quarantine. The public must bear the present situation until there are fewer cases.

In their plans for Thanksgiving day events people should remember that the quarantine restrictions are still in effect and for the public good must be observed.

To Prevent Influenza

The surest way is to keep yourself in such condition that influenza cannot fasten upon you.

If your blood is rich and red, free from the poisons which constipation creates, germs will not be able to gain a footing—your healthy blood will dispose of them.

Constipation underlies almost all illness. Food waste allowed to remain in the system creates dangerous poisons which tax the ability of the blood, lungs, kidneys and skin pores to throw off. Then you become an easy prey to colds. Influenza and Pneumonia often follow.

Your druggist has a new and really pleasant tasting cold-water salts called SALINOS which will completely empty the digestive system, including the lower bowels, where most poisons are formed. It is pleasant to use. Get a bottle for a Quarter (large sizes Fifty cents and a Dollar).

Be safe! Get it today. Use it tomorrow morning.

Pimples and Skin Eruptions Danger Signs of Bad Blood

It May Mean Eczema, Scrofula—the First Sign of Inherited Blood Disease

Pimples, scaly itching skin, rashes, burning sensations and scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth but no matter how you were infected, you must treat it thru the blood. It is a blood disease. You must use S. S. S. the standard blood tonic for 50 years. If you expect certain relief. For purifying the system, nothing is

equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull sluggish feeling leaves you—the complexion clears up. Even long standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. If yours is a special case and you need expert advice, write to Medical Adviser, 444 Swift Laboratory, Atlanta, Ga.

How Weak, Nervous Women Quickly Gain Vigorous Health And Strong Nerves

7 A DAY FOR 7 DAYS

A vigorous, healthy body, sparkling eyes and health-colored cheeks come in two weeks, says discoverer of Bio-feren.

World's Greatest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long for.

It is safe to say that right here in this city are hundreds of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

thy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away. It costs but little and you can get an original package at any druggist anywhere. Take two tablets after each meal and one at bedtime—seven a day for seven days—then after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lactulin; Calcium Glycero-phosphate; Iron Peptonates; Manganese Peptonate; Ext. Nux Vomica; Powd. Benton; Phenolphthalein; Clear-estlin Capsicum; Kolo.

DR. SPOONTS WRITES FROM WAR FRONT

Near View of Hostilities Convince Jacksonville Pastor This Has Been a War Between Atheism and Christianity—Vast Activities of Y. M. C. A.

The following very interesting letter written to the people of Northminster church has been received by Mrs. Spoonst. Because church services are not now being held the letter is given newspaper publicity. It reads as follows:

American Y. M. C. A.,
Bordeaux, France,
Oct. 24, 1918.

To the Members and Friends of Northminster Church, Greeting:

"My brethren dearly beloved and longed for, my joy and crown, so stand fast in the Lord, my dearly beloved." "I give thanks to God and the Father of our Lord Jesus Christ, praying always for you." "Continue in prayer and watch in the same with thanksgiving; withal praying also for us, that God would open unto us a door of utterance to speak the mystery of Christ, that I make it manifest as I ought to speak." "I give thanks to God always for you all, making mention of you in my prayers, remembering without ceasing your work of faith and labour of love, and patience of hope in our Lord Jesus Christ."

There have been very few of my waking hours that I have not thought of all of you. In the midst of strange people and things, I have not forgotten you. I have seen the grand and the beautiful, the new and the old, have looked upon many things that date back before our Savior; but of them all there is nothing to me like the work and the folks at home.

I would love to tell you of the many things I have seen and the varied experiences I have had; but that would make my letter too long and you would weary in hearing it. I will reserve all this until I see you and can tell it to you face to face.

Christianity vs. Atheism
To my mind this is a war between Christianity and Atheism. It is Barbarism against Civilization. For four years the world has been enduring the most fearful agonies ever known in human history. After years of planning and the concentration of its physical, financial and mental work upon preparing for a war, Germany definitely launched a campaign for conquering, looting and dominating all the world. Its leaders taught that frightfulness must be its plan whenever the war should be inaugurated and that the people of the overrun

Keep the Children Well

To keep the little ones well, sturdy and happy, free from coughs, colds, croup, little fevers and inflamed throats, use

Foley's Honey and Tar.
It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

M. T. Davis, Bearville, W. Va., writes:—

"One of my patrons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered."

Y. M. C. A. in Great Work

I must tell you something of the great Y. M. C. A. work in this part of the country. The Y. M. C. A. Region No. 2 over which Mr.

presides as regional secretary, and where I am working, embraces now some more than thirty thousand square miles of territory, and in that vast area every form of war activity except the actual shedding of blood is to be found.

This is the area of the great S. O. S. in which millions of feet of lumber are cut daily, where millions of tons of supplies are unloaded at almost limitless miles of concrete docks built by American soldiers; where the whirl of the air and sea planes is a cheerful and never increasing sound as they start on their way to the front; where the boom of both light and heavy artillery tells of the preparation being furthered, and where whole trains of freight cars to carry supplies to the front are completed each day.

Here it is that the Y. M. C. A. touches army and navy life at no less than 350 to 400 different points, through workers increased in number from 120 to 200 within the past six weeks and even yet the greatest part of the need is unfulfilled.

In one way or another no less than one-fifth of the entire Expeditionary force is touched by Y. workers in this region, and the largeness of the work and the area may be better understood when it is known that, based on the September reports, the Y. M. C. A. financial business for a twelve-month will reach \$5,000,000.

The Y. M. C. A. activities in the region are growing daily. Two scores of new contacts have come in at the end of last week, and each day a few more come. The work is being more effectively organized; scores of huts are being added to the extensive equipment already provided; and great effort is being made to enlarge the activities.

The People at Home

I have said enough about the condition of things here to allow me to say that in all my work here, the many duties are not enough to keep me from thinking about the people at home. I only wish that I had time to write to each one, but that is impossible, so let me express my feeling to you through Brother Morris as he reads you this

letter. I wish I could see you and talk to you. I shall never forget the many happy days spent in the work of Northminster church. The love, joy and sometimes grief and sorrow alike came to us; for they are as much a part of our life as are the material things about us. We cannot see Love without the eye; it has no shape or color; but it exists and has a mighty power in human life and destiny. To me it is more weighty than the things of material life. My stay and work with you have been exceedingly pleasant and happy and I only long to be with you again. You and I may live in this busy old world, inspired and sustained by the mighty hopes that have filled and thrilled other souls in the kingdom and service of God; we may travel the mountain paths of life like Moses, seeing Him who is invisible. In the darkest experience we may be assured that the sandalled foot of the Nazarene is just before us so that in His steps we may tread. Our lives may be made beautiful and strong by the energy and enthusiasm of living faith in Jesus our Saviour and Leader. As the Arctic explorer endures the cold and loneliness of the long polar night in the assurance that there is a summer to dawn, so we endure the days of separation of life in the assurance that clouds will break and heaven beam overhead, and some glad day we will be permitted to resume our work together. While we are absent one from the other we will pray that the Lord will keep us safely through the days of separation.

Let me say to one and all, "God bless you and keep you." I trust that you will keep up the work of the church and that each of you will grow in grace and the knowledge of the Lord.

To those of you who have been called to go through the dark valley of sorrow, I would express my deepest sympathy and commend you to the love of Him who has promised to sustain us and to make these afflictions to work out for you a greater weight of glory. Some have gone and others may go that I will greatly miss when I return.

God bless you all.
Your pastor,
Walter E. Spoonst.

"MAKE HASTE SLOWLY"

The Ford Motor Co. is making haste slowly but surely. C. N. Priest, the Ford Man, went to St. Louis Tuesday, where he learned that the Ford Motor Co. was doing everything possible toward the building of Ford cars. However, it will be some time before they will be producing in quantities sufficient to fill orders on anything like short notice. Consequently, it is ABSOLUTELY necessary for prospective buyers to place orders early, in order to get quick service. "A WORD TO THE WISE IS SUFFICIENT." The public well knows how difficult it has been to get Ford cars in the past, and now, owing to shortage in material, the reorganization of man-power, besides the poor transportation facilities, all tend to affect the manufacture and delivery of cars. The only safe thing to do is to place your orders early and ride while others wait.

FIRE WEDNESDAY
The fire department received two calls Wednesday evening at 546 South Sandy street. The property is owned by the Railway and Light company and occupied by Jesse Johnson.

The first alarm was at 4:55 o'clock and the blaze apparently was extinguished. However, it started again about 6:30 o'clock and again required the services of the department.

Chief Hunt said that the blaze started from an open gas jet. The roof and interior was badly damaged and the loss probably will be about \$200, which is fully covered by insurance.

DEATH CAME TO RAY ALLEN GATES

Son of Mr. and Mrs. R. A. Gates Passed Away in Springfield Wednesday—Was Engaged in Agricultural Pursuits.

Word was received in the city Wednesday afternoon of the death of Ray Allen Gates of Beardstown which occurred at St. John's hospital in Springfield at 12:30 o'clock Wednesday afternoon.

Deceased was the son of Mr. and Mrs. R. A. Gates of this city and was born and reared here and educated in the public schools. He early evinced a great interest in agriculture and engaged in that pursuit with great success. For a number of years he has been in charge of a large tract of land near Beardstown.

He was taken ill about a week ago with influenza and the entire family consisting of his wife and two children was soon afflicted. Last Friday Mrs. R. A. Gates was summoned and went to Beardstown to be with her son.

When she arrived her son seemed to be better but Saturday his condition became worse and pneumonia developed. Tuesday he was taken to St. John's hospital in Springfield. Word from his bedside Wednesday morning was to the effect that he was better. However, a turn for the worse came a few hours later and death followed.

His widow and two children, Louise, aged five years and Charles aged three years, survive. Mrs. Gates is seriously ill at the present time, and her mother who resides in Cleveland, Ohio has been summoned. He also leaves his parents, Mr. and Mrs. R. A. Gates, and two brothers, Jerome E. of Minneapolis, Minn., and Marshall D. of Lincoln, and one sister, Louise of Allentown, Pa.

The death of this young man coming at the beginning of life is peculiarly sad and is made more so by the fact that his brother, William DeMotte Gates died of the same disease at Camp Grant a few weeks ago.

Ray Gates was a young man of strong character and was one who made and held many true friendships. News of his death will be received with regret by his friends and the sympathy of all will go out to the widow and the fatherless children.

John G. Reynolds received a message Wednesday evening that the remains would arrive here Friday morning and will be placed in the receiving vault at Diamond Grove cemetery. Owing to the serious illness of Mrs. Gates the funeral plans will not be made until there is some change for the better in her condition.

CLOSING OUT SALE

AN ISOLATED COUNTY

Mrs. W. S. Badger returned yesterday from a trip to Calhoun county which proved to be a water haul. She went to take some children to homes and found all afflicted with whooping cough and unable to travel and is anxious about them. When the river is frozen so that the ferryboat can't ply between the two sides of the stream Calhoun county is largely cut off from the rest of the world. Mrs. Badger said some people were hurrying up their poultry and goods for markets as the boats on the river were about to make their last trips before spring.

MURRAYVILLE MAN KILLED IN FRANCE

Joseph Patterson Killed by Accidental Shell Explosion—Had Been in Regular Army for Nine Years.

Murrayville, Nov. 27.—Mr. and Mrs. Walter Patterson of Murrayville received word yesterday of the death of their son, Joseph Patterson, which occurred from accidental shell explosion in France on November 12.

No other particulars were received by the parents and as the death occurred the day after the armistice was signed and fighting had ceased it is presumed that death must have resulted from the premature explosion of a shell.

Deceased was born in Scott county and the family has resided for many years in Murrayville where he grew to manhood. He enlisted in the regular army ten years ago and was assigned to the cavalry branch of the service. He was a blacksmith and served as a horse shoer. He served in the 8th, 12th and 3rd cavalry.

Besides his parents he is survived by two brothers, Ollie at home and Leonard residing at Roodhouse.

"MUST HAVE ORDERS IN ADVANCE"

It is absolutely necessary that I have a signed order before I can get a car of any kind. MORE CRIMINAL CASES IN CIRCUIT COURT

Three Defendants Entered Pleas of Guilty Wednesday—Other Court Orders.

In the circuit court Judge Smith entered a number of orders Wednesday and several pleas were heard on the criminal docket. When court was adjourned it was until Monday morning.

Mont Turner, who was charged with burglary and larceny, entered a plea of guilty to the charge and was sentenced to southern Illinois penitentiary, to serve until discharged by law.

John O'Leary entered a plea of guilty to the charge of grand larceny and was given an indeterminate sentence at southern Illinois penitentiary.

Samuel Abington, who was jointly indicted with O'Leary, also entered a plea of guilty and asked to be released on probation. It was shown to the court that the age of the defendant is sixty six years.

The court asked Miss Dorsey as probation officer to make an investigation and to make a report to the court Dec. 2.

Law Cases.

In the suit of Jacob and Benjamin Cohen, vs. C. B. & Q. railroad trespass on the case, the suit was dismissed as per stipulation on file.

In the assumpsit suit of George J. Dowell vs. George Rillings, leave was given to the defendant to plead, the order of default being set aside.

Chancery Cases.

In the divorce proceedings of Roberta Miskell vs. William N. Miskell, the cause was stricken.

In the partition proceedings of George W. Brown vs. Thomas C. Brown, the master's report was filed and approved. Solicitor's fee was fixed at \$50 and the guardian ad litem at \$10.

In the foreclosure proceedings of Dr. P. L. Brown vs. George E. McSherry, decree of foreclosure and sale was approved.

In the suit of Kate Rink et al. vs. John G. Irving, trustee bill for accounting, the defendants except J. G. Irving called and made default. Trustee ordered to file report by Dec. 12.

In the matter of the trusteeship of Lee McGinnis, trustee for Basil Ator et al., the report was approved. The solicitor's fee was fixed at \$400 and the trustee's fee at \$150.

"MAKE HASTE SLOWLY"

The Ford Motor Co. is making haste slowly but surely. C. N. Priest, the Ford Man, went to St. Louis Tuesday, where he learned that the Ford Motor Co. was doing everything possible toward the building of Ford cars. However, it will be some time before they will be producing in quantities sufficient to fill orders on anything like short notice. Consequently, it is ABSOLUTELY necessary for prospective buyers to place orders early, in order to get quick service. "A WORD TO THE WISE IS SUFFICIENT." The public well knows how difficult it has been to get Ford cars in the past, and now, owing to shortage in material, the reorganization of man-power, besides the poor transportation facilities, all tend to affect the manufacture and delivery of cars. The only safe thing to do is to place your orders early and ride while others wait.

NOTICE TO FARMERS.

The United States Food Administration hereby informs the farmers of Morgan county that they are entitled to receive from the dealer to whom they sold their wheat during 1918 such price on basis of price fixed by the government of \$2.26 per bushel for No. 1 wheat in Chicago and \$2.22 per bushel for the same grade of wheat in St. Louis from which should be deducted the freight and tax, and 8c which is to cover all cost of handling by the dealer inclusive of the profit.

Farmers in the County who have not received for their wheat these figures, should call upon the dealer to whom the wheat was sold and ask for whatever difference there might be between what they paid him and what he should have received.

This net price must be based upon the most favorable terminal market, whether Chicago or St. Louis. It matters not where the wheat was shipped.

M. F. DUNLAP,
Food Administrator for Morgan County.

GEORGE L. STICE APPOINTED TO COUNTY FARM

The county board has appointed George L. Stice to the superintendency of county farm and he will enter on his duties probably about the first of January.

To a world war-weary, to people chastened by sacrifices, comes at last the word so often promised, so long delayed, that its coming seems a dream from which we shall presently awaken. Yet it is true! Peace! Peace for the millions who have suffered the rigors and dangers of active service! Peace for the troubled ones at home who have worked and waited with patient fortitude! And peace, too, for those who have given their dearest ones to the cause—peace in the knowledge that these lives have not been sacrificed in vain.

With Peace comes renewed prosperity. Business will return into its old channels with a new vigor and a new spirit taught us by the discipline of war. Thoughts will return to the enjoyment of the things which make for legitimate comfort and satisfaction with the sense that we have earned them. The most natural expression of this feeling is the enjoyment of good clothes. They promote cheerfulness and inspire self-confidence; they dispel sadness and reanimate our courage. They are the visible signs of our belief in the future of our country.

Let's look forward—not back; let us give thanks this day, both as to mind and dress.

MYERS BROTHERS.
